

*Becoming an Evocative Coach Practice Guide*  
Chapter 3: Activity 4

**Activity 3.4 Reflective Listening:** Interview a person about a lesson learned during their first year of teaching or other professional practice. Request permission to record the interview. Listen to the recording and reflect on yourself as a listener.

*What were the  
high points and  
challenges of  
listening to their  
story?*

*After reflection  
on the session,  
what might you  
do so say  
differently? How  
might that  
change the  
experience and  
learning for your  
coachee?*
